GNS-AI PRIVATE EMPLOYER TRAINING · COURSE OUTLINE

Applied AI Governance & Implementation for Healthcare Organizations

FORMAT

16 live hours (4 modules), live and instructor-led

COHORT

Up to 12 employees from one organization

PRIVATE FEE

$9,600-$24,000 by employer scope (private employer cohort fee, not per seat)

CREDENTIAL

GNS-AI certificate of successful completion

WHO IT IS FOR

FQHCs, community health centers, hospitals, ambulatory groups and health systems; workforce groups in operations, IT, quality, revenue cycle and administrative oversight.

WHAT EMPLOYEES CAN DEMONSTRATE

- A practical vendor/risk checklist
- Acceptance criteria
- Human-review rules
- Baseline measures
- Synthetic-case testing
- An implementation-readiness exercise

MODULES

Module 1. Identify and prioritize administrative use cases

Module 2. Evaluate governance, privacy/security, reliability, accountability, bias and vendors

Module 3. Design acceptance tests and human review using synthetic cases

Module 4. Measure and monitor performance, practice incident/escalation scenarios, complete assessed capstone

PRIVATE COHORT FEE BY EMPLOYER SETTING

- Independent FQHC / community health center: $9,600 (cap: up to 12)
- Community hospital: $15,000 (cap: up to 12)
- Larger or multi-site hospital: $20,000 (cap: up to 12)
- Integrated / enterprise health system: $24,000 (cap: up to 12)

All four tiers deliver the same 16-hour core curriculum. Employer-setting examples and exercise complexity differ.

INSTRUCTOR

Dr. Amit K. Shah, Ph.D., Founder and CEO of GNS-AI. Healthcare data science and AI leadership, including Abbott Diagnostics and Apricity Health. Ph.D. in Biomedical Engineering.

ETIP

Eligible Illinois employers may qualify for reimbursement of up to 50% of eligible training costs through ETIP. Employer approval is handled through the Chicagoland Chamber of Commerce before the training begins.

Exercises use representative or synthetic examples. Request a proposal at www.gnsai.com/training/healthcare-ai-implementation/
